## AFFIDAVIT OF PUBLICATION

State of Colorado        }  
County of Douglas       } ss

This Affidavit of Publication for the Douglas County News Press, a weekly newspaper, printed and published for the County of Douglas, State of Colorado, hereby certifies that the attached legal notice was published in said newspaper once in each week, for 1 successive week(s), the last of which publication was made 6/15/2023, and that copies of each number of said paper in which said Public Notice was published were delivered by carriers or transmitted by mail to each of the subscribers of said paper, according to their accustomed mode of business in this office.

A public hearing will be conducted for informing citizens and soliciting public input, written or oral, regarding the **Reuse Reservoir Rehabilitation** Project Needs Assessment (PNA) and Environmental Assessment (EA) (if applicable). The PNA is a report detailing the project as proposed, including project necessity, alternatives, and components. The PNA also describes how the project is being funded. The reports are being submitted to the Colorado Department of Public Health and Environment (CDPHE) to qualify **Plum Creek Water Reclamation Authority** for a State Revolving Fund Loan.

*The project will rehabilitate a reuse reservoir, owned and operated by Plum Creek Water Reclamation Authority (PCWRA), which was constructed over 30 years ago and is experiencing operational challenges. Additionally, a new reuse pump station will be housed in a new building, Building 4. The new building will be constructed immediately east of the existing reuse reservoir to improve reuse water distribution. The new building will replace an existing building which is currently used as storage. Water from the pump station in Building 4 will move to the reuse reservoir via an outlet pipeline that will be installed via directional (trenchless) drilling under Haskins Gulch.*

**Estimated total cost of the project is \$6,000,000.**

Copies of the PNA and EA (if applicable) are available for public review prior to the Public Hearing at the following location:

**Plum Creek Water Reclamation Authority**  
4255 N. US Highway 85,  
Castle Rock, Colorado.
